

COURSE INFORMATION  
**TLILIC0001 LICENCE TO TRANSPORT  
 DANGEROUS GOODS BY ROAD**  
 FACE TO FACE DELIVERY

|   |  |
|---|--|
| <b>Duration</b>   | <p><b>Face to Face</b><br/>         This unit is delivered face to face over two days (16 hours), with training and assessment being conducted during this period.</p>   |
| <b>Description</b>  | <p>This unit is a mandatory step in applying for a dangerous goods driver license and has been endorsed by the NSW Environment Protection Authority (EPA).</p> <p>Upon successful completion of the unit, participants are able to make an application to their State Authority for a dangerous goods driver license (renewable every 5 years).</p> <p>This unit covers all aspects of the ADG Code together with relevant legislation, including classification, marking, documentation, stowage and load restraint, segregation and compatibility as well as the responsibilities of the individuals involved.</p> <p>The duration of this unit allows for existing skills, knowledge and experience of the learner.</p> |
| <b>Entry Requirements</b>   | <p>There are no formal entry requirements to this unit. However, students must be able to understand and speak enough English to understand instructions and assessments and communicate with trainer / assessor. This is determined at interview with the student and the trainer.</p>  |
| <b>Target Clients</b>   | <p>This unit is aimed towards individuals who seek to obtain a NSW Dangerous Goods Driver Licence issued by the NSW EPA.</p>   |
| <b>Resources provide to students</b>                                      | <p><b>Students are to have access to:</b></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Learning Materials</li> <li><input type="checkbox"/> Other internal documents and external reference material as identified in the Assessment Guidelines</li> <li><input type="checkbox"/> Student Assessment Tools</li> <li><input type="checkbox"/> Relevant Signage and Personal / Safety Protection Equipment</li> <li><input type="checkbox"/> Classroom</li> </ul>   |
| <b>Trainer Requirements</b>   | <ul style="list-style-type: none"> <li>• TAE40110 Certificate IV in Training and Assessment or equivalent</li> <li>• <i>TLILIC0001 Licence to transport dangerous goods by road</i></li> <li>• Minimum 5 year's relevant dangerous goods industry and operational experience</li> <li>• Current Industry experience</li> <li>• Professional development plan in place</li> </ul>   |
| <b>Licensing, legislative, regulatory or certification considerations</b> | <p>The delivery of this unit is subject to a licensing agreement with the NSW Environmental Protection Agency.</p> <p>Completion of this unit will entitle a student to apply for and obtain a NSW Dangerous Goods Driver Licence.</p>   |

COURSE INFORMATION  
**TLILIC0001 LICENCE TO TRANSPORT  
 DANGEROUS GOODS BY ROAD**  
 FACE TO FACE DELIVERY

|   |  |
|---|--|
| <b>Unit Requirements</b>                            | To attain <i>TLILIC0001 Licence to transport dangerous goods by road</i> , students must be deemed competent in all summative assessment tasks contained in the Mandatory Assessment Instrument ( <b>MAI</b> ). Upon successful completion of this unit, students will receive a Statement of Attainment for the unit <i>TLILIC0001 Licence to transport dangerous goods by road</i> .<br>Nominal Hours: 16  |
| <b>Delivery Strategies</b>                          | Students will undertake this unit in a face to face environment by attending a two day (16 hour) workshop consisting of blended training and assessment delivered by an appropriately qualified trainer.<br><br>During a brief induction, students are given the unit learning material covering the underpinning knowledge of the unit of competency as well as a reference guide on where further information and current legislation can be obtained.   |
| <b>Assessment Strategy &amp; Evidence Gathering</b> | During delivery of this unit, students undertake formative assessment activities to ensure they are developing a correct understanding of the content being delivered. This may be through multiple choice, true/false questioning or short answer questioning.<br><br>Competency determination is based on the MAI, in workbook format, that is completed both throughout and at the end of the two day workshop as an open book exam. Should a student be unsuccessful in completing the MAI, they may appeal the decision within one week of competency determination being made. |
| <b>Student Pathways after completion</b>            | On completion of this unit, individuals can apply their knowledge and skills to the workplace in positions such as: <ul style="list-style-type: none"> <li>• Drivers</li> <li>• Supervisors</li> <li>• Operations Managers</li> <li>• Safety Managers</li> </ul> or alternatively may continue their vocational education through a variety of qualifications within the Construction, Plumbing and Services Training Package, including TLI31216 Certificate III in Driving Operations.   |
| <b>Assessment Feedback</b>                          | Feedback and input from students, trainers / assessors, and other stakeholders will be sought, analysed and acted upon, where necessary, on a regular basis. Information gained will form part of any validation process.  |
| <b>Industry Consultation</b>                        | Industry consultation has been provided by conducting phone meetings and workplace visits with John Kells of Kells Training Pty Ltd (RTO ID 91366), trainers on behalf of Raise Training (RTO ID 91655) and the NSW Environmental Protection Agency.   |
| <b>Cost</b>   | The current course fee is displayed on our website.  |
