FACE TO FACE DELIVERY

<p>Assessment Strategy & Evidence Gathering</p>	<p>During delivery of this unit, students undertake formative assessment activities to ensure they are developing a correct understanding of the content being delivered. This may be through multiple choice, true/false questioning or short answer questioning.</p> <p>Competency determination is based on a summative assessment exam, in workbook format, that is completed both throughout and at the end of the one day workshop as an open book exam. Should a student be unsuccessful in the exam, they may appeal the decision within four weeks of the competency determination being made.</p>
<p>Student Pathways after completion</p>	<p>On completion of this unit, individuals can apply their knowledge and skills to the workplace in positions such as:</p> <ul style="list-style-type: none"> • Loader • Loader supervisor • Warehouse labourer <p>or alternatively may continue their vocational education through a variety of qualifications within the Construction, Plumbing and Services Training Package, including TLI31216 Certificate III in Driving Operations.</p>
<p>Assessment Feedback</p>	<p>Feedback and input from students, trainers / assessors, and other stakeholders will be sought, analysed and acted upon, where necessary, on a regular basis. Information gained will form part of any validation process.</p>
<p>Cost</p>	<p>The current course fee is displayed on our website.</p>
