

COURSE INFORMATION

TLID0018 PREPARE FOR TRANSPORT OF DANGEROUS GOODS

FACE TO FACE DELIVERY

Duration and Delivery Method

This unit is delivered over 60 hours, consisting of several hours of reading learning material and completing a participant's workbook prior to the commencement of the course, and an eight (8) hour face to face seminar.

Description

This unit complies with the training requirements outlined in clause 22 of the *Dangerous Goods (Road and Rail Transport) Regulation 2014*, and is designed for managers / supervisors of other workers handling dangerous goods.

This unit involves the skills and knowledge required to prepare for the transport of dangerous goods as part of work activities undertaken within the transport and logistics industry in roles such as a loader or cargo handler. This is undertaken in accordance with relevant state/territory regulations for transporting dangerous goods, including the current Australian Dangerous Goods (ADG) Code.

It includes checking dangerous goods load, assessing vehicle suitability to transport intended load, checking emergency procedures and equipment, evaluating documented route plans, and completing required assessment process.

Work is performed under general supervision.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Entry Requirements

There are no formal entry requirements to this unit. However, students must be able to understand and speak enough English to understand instructions and assessments and communicate with trainer / assessor. This is determined at interview with the student and the trainer.

Target Client

This unit is aimed towards individuals who manage / supervise workers involved in the storage and handling of dangerous goods.

Resources

Students are to have access to:

- Learning Materials
- Other internal documents and external reference material as identified in the Assessment Guidelines
- Student Assessment Tools
- Relevant Signage and Personal Protection Equipment
- Classroom

COURSE INFORMATION

TLID0018 PREPARE FOR TRANSPORT OF DANGEROUS GOODS

FACE TO FACE DELIVERY

Trainer Requirements

Your trainer is fully qualified and approved under the national standards for RTOs.

Licensing, legislative, regulatory or certification considerations

Completion of this unit will prepare a person to manage / supervise others handling dangerous goods within a transport and logistics work site.

Unit Requirements

To attain *TLID0018 Prepare for transport of dangerous goods*, students must be deemed competent in all summative assessment tasks contained in the Assessment Instrument. Upon successful completion of this unit, students will receive a Statement of Attainment for the unit *TLID0018 Prepare for transport of dangerous goods*.

Delivery Strategies

Students will undertake this unit as self paced learning as they are sent the documents at least 2 weeks before the one day face to face training workshop consisting of blended training and assessment delivered by an appropriately qualified trainer.

During a brief induction, students are given the unit learning material covering the underpinning knowledge of the unit of competency as well as a reference guide on where further information and current legislation can be obtained.

Assessment Strategy & Evidence Gathering

During delivery of this unit, students undertake formative assessment activities to ensure they are developing a correct understanding of the content being delivered. This may be through multiple choice, true/false questioning or short answer questioning.

Competency determination is based on a summative assessment exam, in workbook format, that is completed both throughout and at the end of the workshop as an open book exam. Should a student be unsuccessful in the exam, they may appeal the decision within four weeks of the competency determination being made.
